#### Instructors

#### Gordon Jarratt - Senior Vice President at ΛΛΜ

in

Gordon Jarratt is a highly qualified Aircraft Licensed Maintenance Engineer, with 30 years of experience in the aviation industry. His key qualifications are in Aeronautical Engineering, specialized EASA AML Aircraft Maintenance License, and FAA A&P Airframe and Powerplant License. Gordon also has extensive experience in Structure Repairs, Aircraft Leasing, and Project Management of Aircraft Transitions, with a proven track record of consistent revenue growth, effective team mentorship and relationship management. Through AAM, Gordon wants to share his technical knowledge with everyone; it is rare to find such an experienced engineer who is also passionate about teaching. Gordon is very much the exception, and he is able to seamlessly blend the two, subsequently providing both clients and students alike with the full benefit of his considerable expertise and infectious enthusiasm.

#### Miraj Shah - Vice President at $\Lambda\Lambda M$

in

Miraj Shah is a qualified Aeronautical Engineer, with more than 12 years of experience in the aviation industry. He has extensive knowledge of aircraft leasing, project management, and training. His experience includes technology outsourcing, software development, quality control, business analysis, and general project management. Miraj believes everyone can do two things with knowledge. Use it or share it. He prefers to do both!
